

# SAVE MONEY on your car

**what** A car club is pay-as-you-drive car use.

**where** A few cars (runabout, estate, van) will be located in the village.

**how** Members will be able to book them (internet, phone or at the car itself) for as little as an hour – walk up, unlock, drive, return, walk away – and get a bill at the end of the month.

**why** Car club cars are popular to replace occasionally used cars, and the range of vehicles gives members a choice of the best type of vehicle for each journey.
